

WELCOME TO THE UNCORKED FAMILY.

UNCORKED HEALTH & WELLNESS, INC EXISTS FOR A SINGLE PURPOSE: CHANGE THE WORLD ONE PERSON AT A TIME.

As a cause catalyst company, we believe that we can create avenues for change not only through our products, but also through the causes we support. Like "Made in the USA". We are proud to say that we partner with MBA/USA (Made/Branded/Assembled in the USA) manufacturers when possible to support the US worker.

Another cause that we are passionate about is the fight to end human trafficking. Along with increasing awareness on the issue and educating our Uncorked family, a portion of Uncorked sales will go directly to fight this horrific crime.

We are a catalyst company because we believe that our innovative way to enable you to earn income will be the catalyst for change in your life. By paying out up to 50 cents of every dollar back to our Brand Partners, we believe that relationship marketing is the perfect business model for our powerful impact products and our dynamic compensation plan.

CAR BONUS

When a Brand Partner reaches the rank of Platinum, a \$400 car bonus is earned. In order to qualify for this bonus, you must be in the "3 in 30 Club!"

08

3 FOR FREE!

As an Uncorked Brand Partner, you can earn your monthly ADO (auto-delivery order) for free when you have 3x or more in personal customer orders purchased through your website each calendar month. Each month you qualify, your next month's ADO is FREE! Free product has zero volume. An order of 72PV or greater will still be required in order to be considered active. (Maximum of \$100 in free products may be earned and must be used on the following month's first authoship.)

GLOSSARY

3 in 30 Club: Enroll any combination of three Brand Partners with any Starter Pack or Customers that purchase a Customer Experience Pack in any calendar month and you are in the “3 in 30 Club club! Only “3 in 30 Club” members are qualified to receive the Car Bonus once earned.

Active: Brand Partners are considered Active as long as they maintain the required 72PV (Personal Volume) from fully paid product orders during a calendar month. This required volume (see Volume Qualification Table for volume requirements by rank) can come from Auto-Delivery Orders (ADO), personal orders, and/or the volume from orders placed by personally sponsored Retail or Preferred Customers.

Auto-Delivery Order (ADO): A pre-selected product order that is scheduled to be created, paid, and shipped at a specific date each month. Auto-Delivery Orders allow products to be purchased at a discounted price to preferred customers.

Brand Partner: A person or company who has filled out the Uncorked Health & Wellness, Inc. application, had their application approved, and is in the Genealogy. Brand Partner is the first step in rank advancement.

Commissionable Volume (CV): Is a value assigned to a product that determines the amount of commission paid when the product is sold by a Brand Partner.

Compression: Only active Brand Partners count as a level in the Team Commissions calculation.

Customer: A Customer is associated with a Brand Partner. A Customer cannot sign up other Brand Partners and cannot receive commissions. Uncorked currently has two types of non-Brand Partner customers: a Retail Customer and a Preferred Customer.

Downline: This refers to the Brand Partner(s) below a Brand Partner in the Genealogy.

Fully Qualified: To become Fully Qualified, a Brand Partner must sponsor three Brand Partners that each purchase a product package.

Genealogy Tree: This is the Company's overall structure that indicates how and where Brand Partners are placed. Company supports both a Sponsor and Placement Unilevel/Generational Genealogy tree structure.

Group Volume (GV): Is the total volume of a specific group of Brand Partners.

"60% GQV (Group Qualifying Volume) in a Leg" Rule: Beginning at Blueprint Partner, when determining the Group Qualifying Volume qualification requirements, no more than 60% of the required volume may come from a single Placement Tree leg. Example: The GQV qualification for Silver is 3,500. No more than 2,100 (60%) of the total GQV can come from any single Placement Tree leg.

Leg: A leg is a portion of a Brand Partner's organization, starting at one of their first level Brand Partners and encompassing their entire organization. If a Brand Partner has 7 first-level Brand Partners, they have 7 legs in the Sponsor Tree. If a personally sponsored Brand Partner is placed below an existing leg in the Placement Tree, that newly sponsored Brand Partner becomes part of the Placement Tree leg but remains a separate leg for the sponsor in the Sponsor Tree.

GLOSSARY

Lineage: The group of Brand Partners that enroll as a direct result of one specific Brand Partner. The Lineage of a Brand Partner will not take into account any Brand Partner that was Placed in a Sponsorship Tree, it will only count towards the Sponsoring Brand Partner.

Personal Sponsor: A Brand Partner who personally sponsors a new Brand Partner into the Uncorked Health & Wellness family. Sponsor is also the term referring to a Brand Partner who personally sponsors a Customer.

Personal Volume (PV): Qualifying volume that is generated through a Brand Partner's personal product purchases. It also includes volume from product purchases made directly from the Brand Partners retail web site. PV from personal purchases does not count towards your own GV. While PV from personal Customer purchases does count towards GV.

Placement Holding Room: When a Brand Partner personally sponsors another Brand Partner, the Brand Partner has 30 days to place them under an existing leg in the Placement Tree. During that time, the sponsoring Brand Partner will have an opportunity to move the new Brand Partner one time under an existing leg in the Placement Tree. The new Brand Partner will remain a separate leg in the Sponsor Tree and personally sponsored by his original sponsor; however, the Brand Partner under whom he is placed in the Placement Tree will be his Placement upline. The new Brand Partner will become part of the total leg volume in the leg in which he was placed. If the new Brand Partner is not moved within the allotted time, he will remain a new leg in the Placement Tree for the sponsoring Brand Partner.

Placement Sponsor: A Brand Partner who is directly above another Brand Partner in the Placement Tree. The Placement Sponsor may not always be the Brand Partner who personally sponsored them.

Powerline: This represents the line that every Customer or Brand Partner who joins the Uncorked family goes into based on their time of entry.

Preferred Customer: A Retail Customer who is enrolled in the Auto-Delivery Order (ADO) program.

Powerline Sales Volume: This represents 100% of the total company-wide CV excluding the initial Starter Pack Purchases.

Rank: The level of achievement in the compensation plan that determines how much commission is paid and the specific commission bonuses the Brand Partner is eligible to earn. Rank is determined by personal and group sales volume, as well as the personal and group volume of the Brand Partners in your group.

Starter Pack: Any of the initial product packages offered that include the annual website/Brand Partner fee.

Starter Pack Volume: The volume that is associated with a Starter Pack purchase. Volume on these packs counts towards rank advancement but does not pay in the Team Commissions or Powerline.

Upline: This refers to the Brand Partner(s) above a new or existing Brand Partner in the Genealogy.

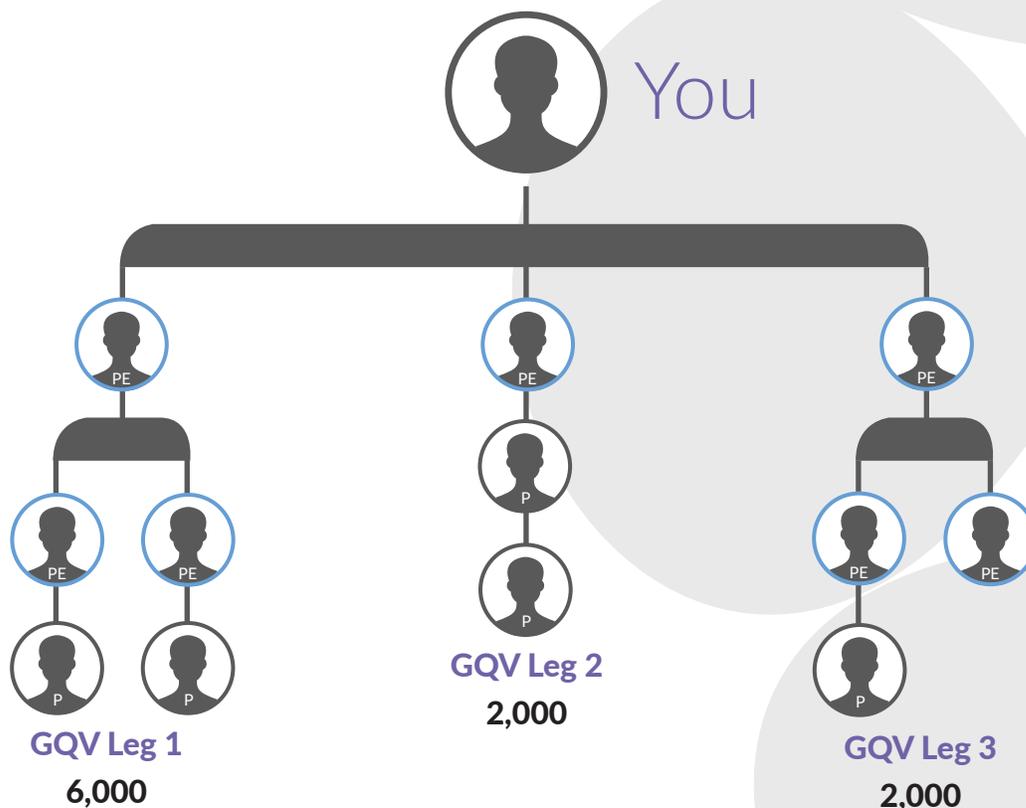

SPONSOR TREE

Sponsor Tree

When a new Brand Partner is sponsored, they go into the Sponsor Tree as a Level One, or frontline, to the Brand Partner who sponsored them.

Placement Tree

When a new Brand Partner is sponsored, they are placed on the Sponsoring Brand Partners Level One for a period of 30 days. During that time, the Sponsor has the option to place the new Brand Partner into an open position in an existing leg of their Placement Tree. Allowing the Brand Partner to place a new Brand Partner in an open position in the Placement Tree provides an opportunity to increase the sales volume in an existing leg and enables the new Brand Partner to gain additional support from a sales organization that is already in place. Rank advancement and Team Commissions are based on the sales volume in the Placement Tree.
